(b) if so, the details in this regard;

(c) whether the arrangements for campus training and placement of students of Energy studies will be provided after such agreement;

(d) if so, the details thereof; and

(e) the steps taken by the Government to arrange similar facilities to other IITs in the country?

Answer

MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRI M. A. A. FATMI)

(a): Yes, Sir.

(b) to (e): A Memorandum of Understanding (MoU) has been signed to promote development of bilateral relations by providing a platform for Business / Industrialists to meet Professors / Academicians to discuss and explore opportunities of cooperation in the field of Energy including Non-Conventional Energy sources. The MoU provides for campus training and placement of students of Energy studies. However, there is no compulsion on any industry to accept any student. The MoU is terminalable by either party by giving, in advance, three months written notice. The IITs are free to sign MoUs without seeking prior approval of the Government.
